Detached house with pool located in a small Istrian town in a very quiet location. It was built in 2013 in the autochthonous, Istrian style, on a plot of 770 m2. It consists of ground and first floor. The ground floor has an entrance hall, hallway, pantry, bedroom, bathroom, kitchen, living room, storage room and a large covered terrace of 20 m2. An internal staircase leads to the first floor where there are two more bedrooms, a bathroom and a covered terrace of 9 m2. Each room has a TV and internet. The house has 162.53 m2 of usable space with terraces (according to the coefficient slightly less - 145 m2). The house is fully equipped with furniture and equipment, and is rented for tourist purposes. In the garden there is a swimming pool of 33 m2 and a summer kitchen, covered parking for two cars and a landscaped garden. Given the large number of reservations, the house has great potential for tourist rental, but it can also serve the purpose of housing.
