K66 - HOUSE NO. 1

In a small village 14 km from Poreč, 6 beautiful villas with swimming pools are being built, the completion of which is planned for November 2023. The price includes everything as shown in the visualizations from the outside, and everything inside except furniture and lighting, except for the bathrooms, which are completely finished. According to the wishes of the buyer, the houses can be arranged to the very end, ready for use or rent.

The rest goes into the house:

The system is heated by a vrf heat pump with water-based floor heating and fancoilers for heating and cooling from the manufacturer DAIKIN or an equally valuable, central hot water tank of 300 l

pool heating, all preparation done except the device.

pool technique and water disinfection based on the principle of electrolysis.

Satellite TV system and IP TV.

In the bedrooms, there is a wooden parquet, in the other rooms, ceramics.

Everything MADE IN ITALY.

Outdoor lighting included in the price - decorative set and main light.

Aluminum joinery and aluminum sheds.

Automatic electric gate with remote control.

Video surveillance system and camera with smartphone control.

A complete photo-album of all phases of construction taken with a drone and photos of all installations.

The plot is fenced with a betafence fence and a concrete parapet wall, next to which hedges (Photinia) are planted and grass is sown, and automatic irrigation with a timer and rain sensors is installed.

Energy certificate A+
