7 km from Poreč, in a place with all the necessary facilities for life, the construction of a new residential building with only 5 residential units is starting. For sale is a large and spacious apartment on the 2nd floor of the building of 120.30m2, which consists of a hallway, a large living room with a kitchen and dining room, three bedrooms, two bathrooms and two terraces. The living room and all bedrooms have exits to the terraces.

The apartment also has a storage room (4.29 m²) on the ground floor of the building.

All floors in the apartments are covered with ceramic tiles.

Laminate flooring is used in the rooms, bathroom and kitchen walls are covered with ceramic tiles. The entrance doors to the apartments are anti-burglary and fire-resistant. The entrance doors to the storage rooms on the ground floor are fireproof. The room doors are solid, veneered. The sanitary appliances are medium-class, showers with channels, possibly cabins, at the customer's choice. Faucets are of medium quality.

Each residential unit has a telephone connection, as well as a terrestrial and satellite antenna, in the living room and rooms. The heating and cooling of the apartments is solved by air conditioners in the living room and rooms. (2x2.5 kw + 1x 4.5 kw).

Underfloor heating with a thermostat is installed in the bathrooms.

The planned completion of construction is by July 1, 2024.

With a note, real estate sales tax in the amount of 3% of the agreed purchase price is not paid.
