paving stones.

The plot will be surrounded by a green fence on the sides and back and equipped with a beautiful gate on the front.

The exterior of the house is completed by finished walls, plaster and facade.

At the buyer's request, for an additional fee, there is the possibility of installing an indoor or outdoor fireplace, the perfect addition to create a warm, ambient or prepare food outdoors.

This villa combines timeless architecture, functionality and elegance and represents an ideal home.

The land has all the necessary infrastructure; sewage, electricity and water, and the villa was built with an emphasis on durability and aesthetics.

Hanging stairs will be built that come out of the wall, giving a dose of modern elegance, while the entire facility is equipped with underfloor heating via a heat pump and air conditioning, ensuring a pleasant stay throughout the year
